Guest Lecture- Consumer Rights Protection and AI as a tool in Legal World
Moot Court Hall BMLC, Jaipur

The **Legal Aid Committee** of Bhagwan Mahaveer Law College and Research Centre, Jaipur organised a Guest Lecture on “**Consumer Rights Protection and AI as a tool in Legal World.**” An interactive session was organized in the Moot Court Hall at 11:30 a.m., featuring two insightful lectures that blended traditional legal learning with modern technological perspectives. Advocate Devendra Mathur delivered the first lecture on *Consumer Rights*, where he emphasized the qualities required to become a good advocate, including discipline, preparation, ethics, and courtroom conduct. He highlighted the importance of skill-oriented and career-oriented learning, encouraging students to strengthen both practical and theoretical legal abilities. He also spoke about effective ways to deal with people through empathy, communication, and strong client relationships. Further, he discussed the dynamic nature of law and stressed the need for future legal professionals to understand societal issues in order to contribute meaningfully to legal reforms.

The second lecture was delivered by **Bhuvnesh Sir** on ***Artificial Intelligence as a Tool in the Legal World.*** He explained how strategic planning and technology can significantly improve time management and efficiency in legal practice. He also discussed methods of handling pressure during demanding legal tasks and introduced students to the use of AI for research, drafting, data analysis, and case preparation. Emphasizing the evolving legal landscape, he encouraged students to enhance their skills by adopting modern digital tools.

Overall, the event proved to be highly engaging and impactful, offering students valuable insights into ethical advocacy, professional development, and the integration of technology in law. The presence of faculty members added to the academic richness of the programme. The event concluded with a gesture of gratitude, as saplings were presented to the distinguished speakers as a token of appreciation.
